Introducing our revolutionary Purify Process, the newest addition to our recycling system. Our award winning patented recycle process has now added Ultra Filtration to our recycle systems to "polish" and to **PURIFY** the recycled water to drinking water quality. AquaRecycle® now delivers the most comprehensive and effective recycling system in the industry today. No other recycling system can provide the contaminant removal level that the NEW and IMPROVED AquaRecycle® offers. And because this Patent Pending improvement is included on all new PREMIUM and CBR products, AquaRecycle® can continue to offer the highest quality products at the lowest prices in the industry for unprecedented 2 YEAR OR LESS payback in most cases. So call us today or check out our website and learn why AquaRecycle® has gone from "Clean water. Clean profit." to "Clear water. Clear profit."
