AQUARECYCLE®
Clean water. Clean profit.™

Open and Operate

Oh yes! Open and Operate (OnO TR) is our skid-mounted, all-in-one recycle system designed to operate in virtually all drying environments.

Introducing our latest OnO product line for dryer exhaust heat reuse. This All-in-one OnO system, with Mr. HEAT (Heat Exchange Air Transfer) technology, utilizes several dryers to one Thermal Heat Wheel substantially reducing energy costs as well as reducing drying times.

AquaRecycle's All-in-One OnO™ Heat Recycling System meets ESG and sustainability goals.

THERMALRECYCLE™
Clean energy. Clear profit.™
